

Klingen und Griffe Blades and Handles Lames et Manches

Partner der Profis

Qualität, Zuverlässigkeit, Sicherheit und lange Standzeiten sind die herausragenden Merkmale unserer Klingen und Messer. Egal ob Kunststoffteile entgratet, Bodenbeläge verlegt oder unterschiedlichste Materialien geschnitten werden sollen: Bei MOZART finden Sie die richtige Klinge. Griffe mit optimaler Ergonomie und Klingen mit unterschiedlichsten Schliffformen und Beschichtungen runden unser breites Programm für Industrie und Handwerk ab.

Partner of the Pro's

Quality, reliability, safety and long lasting performance are the main characteristics of our blades and handles. MOZART provides the right blade and ergonomic handles for countless industrial and trade applications, including specialized grinding executions and coatings. This high demand made us a recognized partner of the industry, worldwide.

Partenaire des professionnels

Nos lames et couteaux se caractérisent par leur qualité, fiabilité, sécurité et longue durée de vie. Qu'il s'agisse d'ébavurage de pièces en matière plastique, de pose de revêtements de sol ou de découpe de matériaux les plus divers, chez MOZART, vous trouverez la lame qui vous convient. Notre gamme de produits pour l'industrie et l'artisanat est vaste et complète grâce à nos manches ergonomiques, aux multiples géométries des lames et aux revêtements optionnels.
