Trimming knife blades and handles

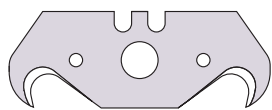

Only the best for the professional

Reliability, safety and a long life. These are what MOZART trimming knives and blades are known for. The best quality for craftsmen with exacting standards. Made in Solingen.

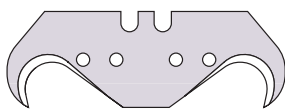

For example, for carpet and other floor coverings as well as for wall-papers, foamy plastics, linoleum and cork, and for any application where the best possible control over the knife is paramount. Ergonomic comfort for working without strain.

A variety of bevel geometries for different tasks. And, of course, everything comes in its appropriate packaging for the specialized trade outlets.
